FY 2023-2024 Budget Message

To: Port of Tillamook Bay Budget Committee

From: Pami Boomer, Budget Officer 

Date: 4/20/2023

Re: 2023-2024 Fiscal Year Proposed Budget

The proposed budget figures are based on the best estimate of revenue (resources) and expenses (requirements) for the fiscal year beginning on July 1, 2023, through June 30, 2024. The Port supervisors along with the General Manager have worked together to create an accurate and realistic budget proposal for the fiscal year.

After multiple discussions regarding the Port's departments, the Port supervisors and General Manager have decided to rename department 60 from Air Museum to Hangar B. We feel like this will help with future discussions regarding the future of the building itself.

The proposed general fund budget is broken out by the following departments:

- 10 - Administration
- 20 - Airport
- 30 - Industrial Park
- 40 - Utilities
- 50 - Railroad
- 60 - Hangar B

Net Working Capital:

After reviewing our known upcoming expenses and expected revenue coming in, the Port has estimated that our beginning working capital will be \$1,825,000. This includes monies in these accounts: US Bank, LGIP 5329, LGIP 6162.

10 - Administration:

Resources:

The administration department is showing an increase in revenue of 40%. Based on the current year's data, we estimate receiving more interest income from our LGIP accounts. We expect to continue receiving an estimated \$60,000 in property taxes and have been notified that our expected Timber/Land County Taxes are estimated to be \$17,463. Both are an increase from this current year.

Requirements:

Requirements for Administration show a slight decrease of 6% from the current budgeted year. This decrease derives from not having a capital outlay project this upcoming year. The remaining requirements are expected to trend the same as this current year.

20 - Airport:**Resources:**

While the overall operating resources increased 4%, there are a few changes I would like to direct your attention to. Expected building rent revenue decreased overall by 20%. This decrease is due to the agreed lease terms and revenue for the Airport Business Park. The budgeted T-hangar rent increased 24%. Our hangars have consistently had 100% occupancy of rentable hangars. The Port currently utilizes one of the hangars for our airport equipment needs. We have come up with a solution to vacate this hangar and make it leasable for pilots' needs. Fiscal year 2023-2024 the staff will be working on workplans for the hangars and have budgeted an increase in hangar base rent to help with the workplan.

Grant revenue is budgeted at a decrease of 95%. The Port has not included the Airport Business Park Expansion in the proposed budget. We will hold a supplemental budget hearing once we secure the funding. The grants expected FYE 2024 are FAA Fuel System Improvement, COAR Match for Fuel System Improvement, and FAA Airport Master Plan Update.

Requirements:

Operating requirements are expected to stay consistent with the current budgeted year, while capital outlay decreased significantly due to removing the Airport Business Park Expansion from the budget.

30 - Industrial Park:**Resources:**

We budgeted for slight increases in operating revenue in alignment with lease agreements and increases in occupancy of leasable spaces. We decreased the expected Disc Golf Parking revenue by \$60,000 for the upcoming year. This project has had some minor setbacks, but we expect to have the parking area and first 9 holes installed and ready for use in FYE 2024. There is also a decrease in the sale of assets budget line. Currently, we have no expectations of any sales.

Requirements:

After discussion regarding the upcoming road maintenance needed, the Industrial Park Supervisor, District Engineer, Budget Officer, and General Manager felt that it needed to be moved to capital outlay category. This change was a reduction in material and services. Along with that change some small changes in line items were made based on the last full fiscal year and current year to date expense, our material and services category shows a slight decrease of 2%.

Capital outlay increased 41% from the current budgeted year. Most of the increase is Road Maintenance work needed in 2023-2024.

40 - Utilities:

Resources:

There is a 10% increase budgeted for sewer income this year. This increase is to help with repayment of upgrades that will be needed for the lagoons. The finance office will start setting aside \$3,000 a month to help with the potential loan payment needed for the upgrades. The Utilities Supervisor based the revenue expected on historical numbers for both water and sewer. Septage receiving has been steadily above what was budgeted, so we are showing a slight increase in revenue for fiscal year 2023-24.

There is no expected grant revenue currently.

Requirements:

The overall requirements decreased 69%. The main contributor to the decrease is in capital outlay. We expect to have a large expense for the lagoons upgrades but have not included this in the proposed budget. Once we have both the expense and revenue source secured, we will hold a supplemental budget hearing, unless it is identified to be in a different fiscal year.

The remaining budgeted expenses were calculated based off the prior fiscal year as well as the current year.

50 - Railroad:

Resources:

The railroad department continues to stay steady with revenue. The budget includes a new revenue line item – TLW Generator Loan Repayment. The Port Board approved a loan to Tillamook Lightwave for a new generator (resolution 2022-2023 #2). The term of the repayment is 5 years and follows an amortization schedule.

Requirements:

Railroad requirements were calculated based off the prior fiscal year as well as the current year. We do not expect any changes.

You will notice an increase in Debt. We have budgeted an additional \$40,000 for payoff of a current loan. We currently have additional money set aside for debt that was paid off in fiscal year 2022-23. After careful consideration, the Port feels like paying off this debt will benefit the Port and will strive to pay this debt off in July 2023.

60 - Hangar B:

For the fiscal year 2023-2024, the Port has decided to put all revenue and requirements related to Hangar B (Building 54) in this department. The name of this Department will change from Air Museum to Hangar B. As discussions continue regarding the structure, management felt this would be the best way to accurately reflect all revenue and expense related to Hangar B.

Resources:

Museum entrance fees were raised in March 2023. This is reflected in our 2023-2024 budget, with an increase in museum revenue of 16%. The remaining revenue was budgeted based on the prior year actuals.

Requirements:

Operating expenses were budgeted based on actuals from previous years as well as the current year to date numbers. Operating expenses are expected to have a slight increase.

This year as we continue to prioritize the structure, we included additional expense in capital outlay.

Other Notes on Requirements:

A 3% cost of living increase is included and being recommended for all Port employees. In addition to the current staff, we have budgeted for two potential additional positions. Management is continually reviewing the staffing needs of the Port and looking at restructuring the organization. Any overtime for eligible employees will continue to be monitored and on a manager approved basis. We are continuing to follow all PERS updates.

Please remember that we strive to create a realistic budget. That said, there are unforeseen expenses and revenues that cannot be captured during budget time. There are also items that are beyond our control. We come up with the best estimate we can with the best information we have at the time.

I look forward to our presentation of this proposed FY 2023-2024 Budget to each of you and again thank you for your participation and contribution to this annual process as each of us seek to improve the Port of Tillamook Bay. We have the chance to change the economy not only for the Port of Tillamook Bay, but Tillamook County as well.

Adopted Budget
